The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Pagosa Springs Medical Center's Backup Generator Project in Fiscal Year 2027. The entity to receive funding for this project is the Pagosa Springs Medical Center, located at 95 S. Pagosa Boulevard, Pagosa Springs, CO 81147.

Funding would be used to purchase and install two emergency backup power generators at the hospital. The project is a responsible use of taxpayer funds since the project ensures that essential healthcare services remain available during power outages, allowing critical medical equipment, emergency communications, and lifesaving systems to continue operating without interruption in a rural mountain region. The project has a Federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
